An ordinance approving City Utilities purchase order #9265 with respect to the purchase of 150 controls for the lighting system of Fort Wayne, through the specifications of the Street Lighting Department.

EFFECT OF PASSAGE:

The purchase of the controls is necessary to the system as new lights and replacements are needed on an ongoing basis. Old and broken controls must be attended to immediately.

EFFECT OF NON-PASSAGE:

Lack of replacement parts for old and/or broken controls will prevent the lighting department from repairing or adding new lights to the system. It could be hazardous to the citizens of Fort Wayne as streets and alleys would be dark.
